- (7) Charges for aero-medical evacuation will be based on the full cost of the aero-medical evacuation services.
- (g) Special rule for services ordered and paid for by a facility of the Uniformed Services but provided by another provider. In cases where a facility of the Uniformed Services purchases ancillary services or procedures, from a source other than a Uniformed Services facility, the cost of the purchased services will be added to the standard rate. Examples of ancillary services and other procedures covered by this special rule include (but are not limited to): laboratory, radiology, pharmacy, pulmonary function, cardiac catheterization, hemodialysis, hyperbaric medicine, electrocardiography,

Services provided in facilities of the Uniformed Services in whole or in part through personnel or other resources supplied under a TRICARE Resource Sharing Agreement under 32 CFR 199.17(h) are considered for purposes of this part as services provided by the facility of the Uniformed Services. Thus, third party payers will receive a claim for such services in the same manner and for the same charges as any similar services provided by a facility of the Uniformed Services.
- (i) Alternative determination of reasonable charges. Any third party payer that can satisfactorily demonstrate a prevailing rate of payment in the same geographic area for the same or similar aggregate groups of services that is less than the charges prescribed under this section may, with the agreement of the facility of the Uniformed Services (or other authorized representatives of the United States), limit payments under 10 U.S.C. 1095 to that prevailing rate for those services. The determination of the third party payer's prevailing rate shall be based on a re-

view of valid contractual arrangements with other facilities or providers constituting a majority of the services for which payment is made under the third party payer's plan. This paragraph does not apply to cases covered by §220.11.

(j) Exception authority for extraordinary circumstances. The Assistant Secretary of Defense (Health Affairs) may authorize exceptions to this section, not inconsistent with law, based on extraordinary circumstances.

- (2) Uniformed Services beneficiaries are required to take other reasonable steps to cooperate with the efforts of the facility of the Uniformed Services to make collections under 10 U.S.C. 1095 and this part, such as submitting to the third party payer (or other entity involved in adjudicating a claim) any requests or documentation that might be required by the third party payer (or other entity), if consistent with this part, to facilitate payment under this part.
